## WORK EXPERIENCE

### QUALITY COUNCIL OF INDIA *Product Designer (Present)* (1 Year)

- The product name is Sarpanch Samvaad.
- Designed 50+ high-fidelity mobile screen for a digital product used by 1,60,000+ users ensuring clear user flow, wireframes and interactive prototypes.
- Collaborated with developers and team for smooth product execution
- Conducted usability validation, iterating designs based on feedback.
- Build scalable UI components and contributed to PRDs to define features and workflows.
- Leveraged AI tools like Claude to assist in research, documentation, and design optimization

### FREELANCE *UI/UX Designer*

- Delivered end-to-end UI/UX design for mobile apps and responsive websites
- Collaborated with global clients and developers.
- Created PRDs, user flows, wireframes, and feature documentation.
- Conducted UX research, competitive analysis, and usability testing

### NEIGHBORLY *UI/UX Intern (Oct 2024-Feb 2025)* (5 Months)

- Led feature enhancements for a community-based platform focused on local services.
- Coordinated with engineering and design teams to deliver key product updates.
- Conducted market research and helped define early product roadmap.
- Used tools like Figma for wireframing and user flows.

### HCL HEALTHCARE *UI/UX Intern (June-Sep 2024)* (4 Months)

- Actively contributed to the mobile app design process, collaborating with the team on UI concepts and visual elements
- Assisted in creating a usability survey to gather meaningful user feedback
- Supported the analysis and compilation of a smart report containing actionable insights to enhance overall user experience
